HOBBY

- Root Me

PROFILE SUMMARY

I am looking for a **CDI** or **CDD** position in **web development**, where I can contribute my creativity in **UI/UX** design and with my **cybersecurity background** to build innovative and secure digital solutions.

EXPERIENCE

AXA Group Operations **Apr 2024–Oct 2024**
Frontend developer for AI digital product *Internship (Paris)*

- ◊ Develop new features for Secure GPT, an AI chatbot using the OpenAI API.
- ◊ Optimized database queries to reduce page load times.
- ◊ Implemented unit tests and end-to-end (E2E) test to ensure the reliability of frontend components and the integrity of the full application workflow.
- ◊ Participated in new feature meetings, consistently contributing innovative UI design ideas and engaging deeply in project discussions.

Technology: Next.js, Tailwind CSS, TypeScript, JavaScript, Cosmos DB, Jest, Cucumber, Git, Microsoft Azure

Sendzu Tech **Oct 2023–Jan 2024**
Frontend developer *Internship (Shanghai, Remote)*

- ◊ Developed Dynamic UI Components: Built responsive, user-friendly interfaces for a Clinical Trial Management platform.
- ◊ Collaborated with AI engineers to integrate machine learning models for automated report generation and data analysis.
- ◊ Implemented encryption and role-based access control to protect sensitive patient information.

Technology: React, Node.js, Tailwind CSS, JavaScript, PostgreSQL, Git

Freelance: Jewelry E-commercial Platform **Aug 2024–Present**
FullStack developer *(Paris)*

- ◊ An e-commercial website I designed and developed from scratch, crafting intuitive UI/UX workflows for both customers and admins.
- ◊ Built the frontend with Next.js and Tailwind CSS, implementing responsive layouts, micro-interactions, and dark mode for enhanced UX.
- ◊ Integrated Firebase for backend services (authentication, Firestore database) and Stripe for secure, PCI-compliant payment processing, ensuring seamless checkout flows.
- ◊ Implemented real-time inventory updates and user-friendly admin dashboards for product management.

Technology: Next.js, Tailwind CSS, TypeScript, Firebase, Stripe

EDUCATION

ESILV - Ecole Supérieure d'Ingénieurs Léonard de Vinci **2022–2024**
Engineer in IoT and Cyber Security

- ◊ Security Management, Privacy Mangement
- ◊ Cyber Resilience, Social Engineering

Hanyang University **2021–2021**
Exchange Student in Computer Science

Shandong University of Technology. **2018–2022**
Bachelor of Telecommunications.
